THE ST. LOUIS REPUBLIC.

NINETY-SEVENTH YEAR.

SUMMARY OF
The St. Louis Republic
Friday, January 27, 1905.

THE WEATHER.

| FORECAST. | 6 A.M.—50° |
|-------------------------|---|
| St. Louis and Vicinity. | Cloudy and warmer; fresh to brisk northwesterly winds. |
| 12 P.M.—51° | Partly cloudy to clear, with some light rain in the north and south portions; fair to moderate. |
| 3 P.M.—54° | Cloudy. |
| 6 P.M.—54° | Cloudy. |
| 9 P.M.—53° | Cloudy. |
| 12 P.M.—55° | Cloudy. |
| 3 P.M.—59° | Cloudy. |
| 6 P.M.—59° | Cloudy. |
| 9 P.M.—58° | Cloudy. |

The cold wave has reached its greatest intensity in the Eastern and Southern States, the temperature being below zero in the interior of the Atlantic States.

Reports from Florida are missing, but a severe freeze undoubtedly prevails in the central and southern parts of that State. In the Central and Western States the weather has moderated. In the States between the Missouri River and the Mississippi there has been a decided rise in temperature, but no frost has been reported.

In St. Louis to-day the weather is expected to be partly cloudy and warm, with brisk southwesterly winds.

The sun rises this morning at 7:30 and sets this afternoon at 5:10.

Keep in Mind
"THE FLYING DEATH,"
A Great Mystery Story to Be
Brought in Next
SUNDAY'S REPUBLIC.

The Republic's "Want Ads" Will Be Found on Pages 10 and 11.

FEATURES OF TO-DAY'S NEWS.

1. Russian Strike Situation. War in Far East. Woman Fatally Burned.
2. Jefferson Club Installation. Rock Case Developments.
3. Bust of Emperor William to be Received.
4. Carnegie Coming Here.

EASTERN WAR.

It is reported that the Russians have crossed the Hun River and advanced, against the Japanese left wing. A vigorous battle is said to be in progress, a heavy and continuous cannonade being heard all day at General Kuroki's headquarters.

LOCAL AND SUBURBAN.

The statement of the Merchants' Exchange on the freight traffic of St. Louis in 1904 shows large gains over 1903.

GARBAGE SOLUTION PROPOSED BY MAYOR

Urge Purchase and Equipment of Chesley Island as Permanent Depository.

SPECIAL MESSAGE TO COUNCIL

Two Bills May Be Introduced at To-Day's Meeting — Butler's Last Stand for South Side Reduction Plant.

PROPOSED SOLUTION OF GARBAGE PROBLEM.

Four ordinances are to be sent to the Council, with a special message from Mayor Wells, providing:

For the purchase of Chesley Island, twenty-two miles down the river, as a permanent depository for the city's garbage.

For an equipment of a steamboat, barges, a train to the island from the Iron Mountain Railroad and an unloading apparatus at the island.

Empowering the Comptroller to enter into a contract for the lease of part of the island.

Authorizing the Comptroller to sell or dispose of the garbage after its delivery in a manner best suited for the city's interests.

FIREMEN PREVENT CREMATION

Lamp Overturns, and Burning Oil Is Showered Over Mrs. Ford.

While Husband Beats Flames Until He Collapses.

Mrs. Mand Ford is dead, and her husband, Walter Ford, may die as the result of his vain attempt to save her from a fire in their home, No. 49 South Fourth street, East St. Louis, yesterday afternoon.

The fire was caused by the overturning of a candle lamp, which exploded. Mrs. Ford died a few hours later in St. Mary's Hospital.

Accompanying the bills will be a message from Mayor Wells dealing with the city's emergency disposition of the refuse since the expiration of the Butler contract. The message will reiterate the saving to the city on the Chesley Island experiment, the practicability of the scheme, and will close with Mayor Wells's decision that as long as he has the Mayor's chair no garbage reduction will be permitted within the city limits.

One of the bills, which may be introduced this afternoon provides for the purchase of Philippine Island, which may be leased by the city for a nominal sum. City Counselor Bates announced the city's jurisdiction to acquire the land some days ago.

The other measure authorizes the Comptroller to lease a part of the island and to enter into a contract for the sale of the refuse at the island.

Accompanying the bills will be a message from Mayor Wells dealing with the city's emergency disposition of the refuse since the expiration of the Butler contract. The message will reiterate the saving to the city on the Chesley Island experiment, the practicability of the scheme, and will close with Mayor Wells's decision that as long as he has the Mayor's chair no garbage reduction will be permitted within the city limits.

Another bill, which may be introduced this afternoon provides for the purchase of Philippine Island, which may be leased by the city for a nominal sum. City Counselor Bates announced the city's jurisdiction to acquire the land some days ago.

The other measure authorizes the Comptroller to lease a part of the island and to enter into a contract for the sale of the refuse at the island.

Accompanying the bills will be a message from Mayor Wells dealing with the city's emergency disposition of the refuse since the expiration of the Butler contract. The message will reiterate the saving to the city on the Chesley Island experiment, the practicability of the scheme, and will close with Mayor Wells's decision that as long as he has the Mayor's chair no garbage reduction will be permitted within the city limits.

Another thing, it dies away, forever with complaints of garbage reduction within the city limits. As long as I am Mayor of this city, and know who I do about the question, I will never consent to the garbage being reduced in any section of the city.
